

ITEMIZED HIP BELTS

TWO- & FOUR-POINT

New Itemized Belt Part Numbers

Available for 2-Point Hip Belts & 4-Point Hip Stabilizing Belts

AEL continues to create solutions to help you optimize your reimbursement without sacrificing quality.

We now offer the option to order Hip Belts and Hip Stabilizing Belts itemized to accommodate varying state coding guidelines. The itemized belts include 2 separate part numbers per each: one part number for the Hip Belt/Hip Stabilizing Belt and a separate part number for the Pads.

Using 2 part numbers may allow you to apply for 2 HCPCS, but this option varies per state. *AEL recommends that you refer to your coding specialist prior to proceeding.*

Original Part Numbers Still Available

For those of you who prefer not to itemize, we continue to offer the single part numbers. These part numbers are listed under the “Easy Ordering” sections of our catalog and website.

Contact your AEL Product Specialist for more information including an updated Catalog section and Retail Price List reflecting the new part numbers.

NEW & EXCLUSIVE

Hip Belt Features/Benefits

Two-point belt used to hold the pelvis in the proper position within the seating system. Our Neoprene-padded belts are trimmed with a tapered design for exceptional comfort and a streamlined appearance.

Hip Stabilizing Belt Features/Benefits

Four-point mounting system designed to discourage pelvic tilt or rotation. The Neoprene-padded belts are durable and contoured to the pelvis, allowing the straps to be tightly secured while still providing superior comfort.

Hip Belts and Hip Stabilizing Belts are now available itemized with separate part numbers for the Hip Belt and Hip Pads.

If you prefer to itemize your Hip Belt and Pads, just follow these simple steps:

Step 1) Using the tables to the left, choose the style of Hip Belt or Hip Stabilizing Belt

Step 2) Then, select the size

Step 3) Use **BOTH** part numbers listed in the table: one part number for the Hip Belt plus a part number for the Hip Belt Pad Set

Note: Hip Belt and Hip Belt Pad part numbers must be ordered together
