

# ITEMIZING WITH E1028

AEL's Pads and Brackets are sold individually (itemized) to make it easier for our customers to apply for separate codes for the pad and bracket — when applicable. This option, on average, results in higher reimbursement and profit potential.

## HARDWARE CODE

**E1028: Swing-Away/  
Removable Hardware  
Allowable: \$192.74 EA**

### DMEPDAC Description:

"Wheelchair accessory, manual swingaway, retractable or removable mounting hardware for joystick, other control interface or positioning accessory"

*NOTE: The listed Allowables are the Average 2013 Medicare Allowable without the KE Modifier (excluding HI, AK, and PR). AEL suggests that you refer to your coding specialist for the exact allowable in your area. Most codes listed on this handout have been approved through SADMERC/DMEPDAC for AEL products, but not all. AEL recommends that you refer to your coding specialist prior to proceeding.*
